

GULFSTAR 44

GULFSTAR 44

This center cockpit cruiser is a fine balance of comfort, privacy and performance. The modern, tank tested hull and high aspect rig of this new breed of Gulfstar result in superior cruising performance with no sacrifice of comfort aboard.

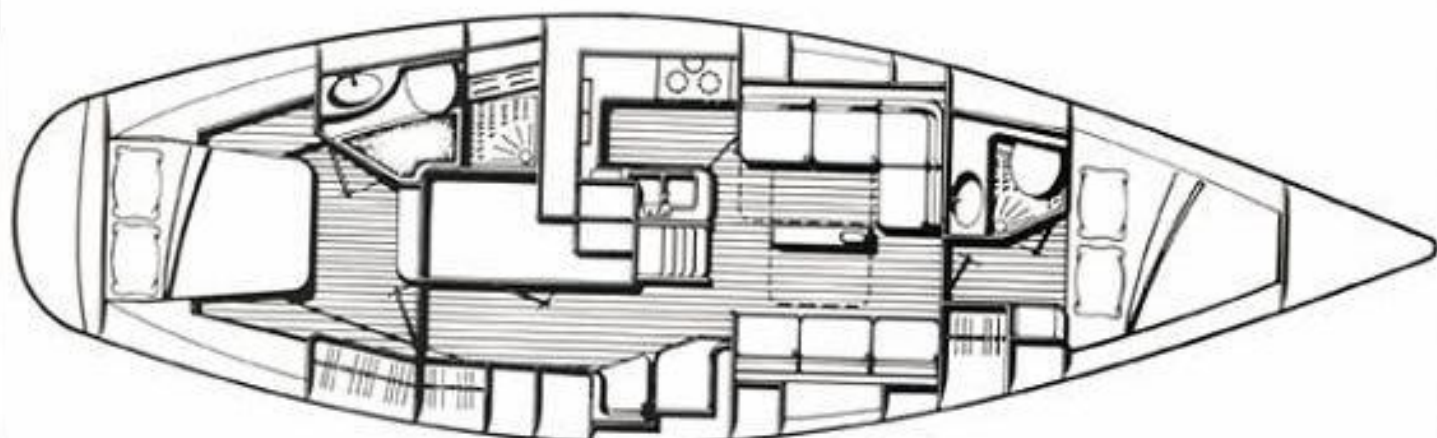

There are two main staterooms, fore and aft, with a large midship salon featuring both a full length settee and an "L" shaped dinette. Her wrap around galley offers the cook underway security and has features found on much larger boats.

With abundant storage she has small boat utilization of space with big boat luxury. With Gulfstar's widely known commitments to quality, the 44 represents one of the best values for the money in its class.

"This is first-cabin quality; modern, efficient, and beautiful."

ACCOMMODATIONS PLAN

STANDARD EQUIPMENT

Hull and Deck

Molded fiberglass sandwich hull with balsa core reinforcement
 Molded fiberglass sandwich deck with balsa core reinforcement
 Molded deck non-skid with contrasting color
